## **Mrs Lindsay Duff**

Nursery Staff Profile – Clifton Hall School, Edinburgh

Mrs Lindsay Duff is an Early Years Practitioner and Afterschool Club Practitioner at Clifton Hall School, having joined the team in January 2024. She holds an HNC in Childcare and Education and brings warmth, creativity and dedication to her role each day.

Inspired by her love of working with children, Mrs Duff is passionate about helping young learners develop confidence and master new skills. She particularly enjoys arts and crafts and outdoor learning, where she supports children in bringing their ideas to life while having great fun. From crocheting octopuses to creating Christmas crafts and gifts, she delights in sharing creative skills that children can proudly take home.

Mrs Duff is most proud of witnessing each child's progress — big or small — and values playing a small part in their individual journeys. She believes Clifton Hall School is a truly special place, with its wonderful outdoor spaces and the exceptional care and attention given to every child.

As part of the Nursery team, she appreciates the supportive and collaborative environment, where staff share ideas, celebrate one another's strengths and work together to provide the very best experiences for the children.
