

HIGHER & ADV HIGHER SCIENCE

BIOLOGY

HIGHER

Candidates for Higher exams should work through the PowerPoints which have been posted to Edmodo.

The group code is: avygr2

Once PowerPoints have been completed pupils should consolidate their learning by using Scholar.

<https://scholar.hw.ac.uk/>

This resource has learning materials and assessments. I can also monitor pupil progress on this site.

Passwords for Edmodo are personal and not recoverable by staff. Assistance can be provided with Scholar.

ADVANCED HIGHER

Resources have been issued already.

PHYSICS

HIGHER

I have created a **oneNote** group for the class. Every pupil has been given access to this through their **school office 365 account**. Summary notes and question for every subject area in the Higher course are available on this group and can be accessed remotely. **This time should be used to prepare for the exam.**

ADVANCED HIGHER

The class should use this time to work on their **assignments and study for the final exam**. They have all the course material they require to do this and we will stay in regular contact via email.

CHEMISTRY

Resources and study materials are being shared with pupils online.
